Sessions

2025

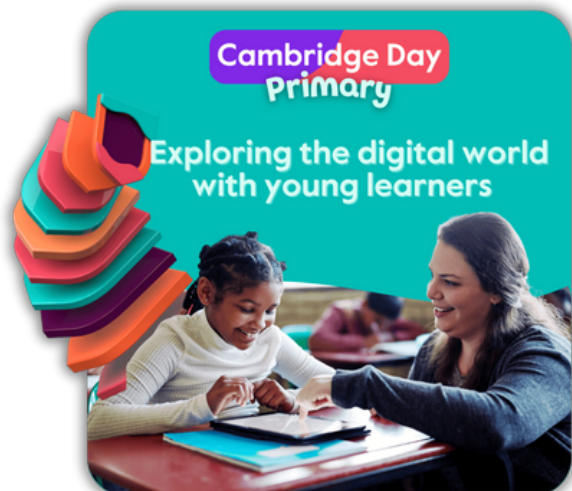

16:50 - 17:30

Session 1: Bringing digital adventure to young learner exams

Discover the new Digital Pre-A1 Starters and A1 Movers tests—designed to bring fun, confidence, and real progress to young learners everywhere.

This introduction explores how these digital tests support learning in playful, meaningful ways, helping children build language skills while boosting motivation. Find out how they fit naturally into your teaching and create a positive impact in your classroom.

18:00 - 18:45

Session 2: Exploring the digital world with young learners

Today's digital classrooms offer exciting opportunities to use gamification and digital assessment techniques. Teachers can boost motivation and create more engaging lessons with the use of their digital toolbox. This session will share practical, classroom-ready ideas that connect exam preparation with playful, interactive activities as well as exploring how we can use AI to support us as teachers. Discover how technology can make language learning more meaningful and enjoyable for young students, while building the digital skills they need in a connected world.

Speakers

2025

Sarah Ellis

Cambridge University Press & Assessment, Senior Assessment Services Manager

Sarah Ellis is Senior Assessment Services Manager at Cambridge University Press & Assessment, based in Bologna. With a strong background in teaching, teacher training, and exam management, she supports institutions and educators across Italy.

She has delivered CELTA and DELTA courses and contributes to the Cambridge Assessment English Teacher Support Programme, offering resources and professional development for teachers at all levels.

Sarah's interests include assessment literacy, digital skills, and innovative teaching practices. She is a passionate advocate for teacher empowerment and learner success.

Mark Meredith

Cambridge University Press & Assessment, Professional Learning and Development Trainer

Mark Meredith is a Professional Learning and Development Trainer at Cambridge with over 14 years' experience in English language teaching, teacher training, and curriculum development. He designs and delivers impactful training programmes and international webinars, supporting educators through inclusive, innovative approaches.

Mark has worked extensively across Spain and Portugal, focusing on digital collaboration, fair assessment, and inclusive classroom practices. He holds a Trinity DipTESOL and an MA in TESOL from Lancaster University.
