

Course Description:

The Cambridge Linguaskill Expert Programme is a training programme designed to equip English language teachers with the knowledge required to use Linguaskill effectively in educational contexts.

The course focuses on enhancing teachers' ability to prepare students for successful performance in the Linguaskill exam, with particular emphasis on its recognition for university admissions and academic progression.

Participants will develop a clear understanding of

- ▶▶ Linguaskill test structure
- ▶▶ CEFR alignment
- ▶▶ Scoring system
- ▶▶ Task types

Also they will learn how to integrate Linguaskill-oriented preparation strategies into classroom teaching, assessment planning, and academic guidance. Furthermore, candidates will be able to understand the overall Cambridge approach to Integrated Learning and Assessment.

By the end of the course, teachers will be able to:

- ▶▶ Understand Linguaskill as a high-stakes, computer-based English proficiency assessment
- ▶▶ Interpret Linguaskill scores accurately and relate them to CEFR levels
- ▶▶ Prepare students strategically for Listening, Reading, Writing, and Speaking modules
- ▶▶ Advise students confidently on recognition requirements for universities admission/ progression
- ▶▶ Use Linguaskill results to support placement, progression, and academic decision-making
- ▶▶ Deepen teachers' skill in integrating learning and assessment in the classroom.

Course Focus

The course places strong emphasis on:

- The key features of Linguaskill
- Practical exam preparation strategies
- Common student challenges and how to address them
- Teaching for test success without teaching to the test

Course Outcomes

Upon successful completion, participants will:

- Become a “Linguaskill Expert”
- Gain the ability to support students aiming for a specific Linguaskill scores
- Enhance their professional profile in international testing and assessment
- Contribute to improved student success in university admissions and academic pathways

Course Structure

This course consists of two modules:

- ▶▶ Module 1: Includes 3 units.
- ▶▶ Module 2: Integrated Learning and Assessment Course.

Module 1 - Unit 1:

Linguaskill Overview

This unit provides a comprehensive introduction to Linguaskill as an international, computer-based English language assessment.

Module 1 - Unit 2:

Understanding Linguaskill Preparation Materials

This unit focuses on familiarising teachers with the official preparation resources and how to use them effectively to support student success.

Module 1 - Unit 3:

Top Tips for Success in Linguaskill

Focus: Effective Test Strategies and Marking Criteria

This unit equips teachers with evidence-based strategies to help learners maximise their performance in the Linguaskill test, while maintaining ethical, learner-centred teaching practices.

Module 2: Integrated Learning and Assessment Course via Cambridge.

To become a Linguaskill Expert, participants must have successfully completed the Integrated Learning and Assessment course, available on the official Cambridge English website.
