Assessment For Learning

Enjoying The Journey

October 22

Enjoying The Journey

Alberto Costa & Rafael Carpanez

Summary:

Make your journey more enjoyable by establishing SMART (Specific, Measurable, Achievable, Relevant and Time-bound) goals. What specific goals or milestones do you want your learners to achieve? How are you going to measure learners' success? Are the goals achievable and relevant for your learners? And how long is this process supposed to last? Just like a journey, assessment for learning demands careful planning. In this fourth session, we will talk about standards in assessment and how to make classroom-based assessment more effective leading on to greater confidence in summative assessment.

Our key websites for educators:
