- 10 People can get inside one of these and go and explore space.

**3 Now, write sentences for the two words you didn't use for the answers.**

.....

.....

## Fun for Flyers Unit 12

### 4 Read the text.

Mars is often called the red planet. Why? The rocks and the top of the planet are red because they contain a lot of iron, a red metal. Mars is about half the size of our planet Earth. This means that it's much colder there – sometimes, temperatures are -140°C!

There is a very high mountain on Mars. It's 24 kilometres high! That's about three times higher than Everest, Earth's highest mountain!

Mars has two moons. They are called Phobos and Deimos.

A day on Mars is twenty-four hours and thirty seven minutes. There are 867 days in a year!

Astronauts have not visited Mars yet but scientists have sent special robots with cameras there. We are learning more and more facts about the red planet!

### Now, read the sentences and write *Mars* or *Earth*.

- 1 ..... 's name is the red planet.
- 2 ..... is bigger and nearer the sun.
- 3 The temperature on ..... is higher.
- 4 You can find the biggest mountain on ..... .
- 5 ..... has more moons.
- 6 A century lasts 68,700 days on ..... .

## Fun for Flyers Unit 13
