# INTRODUCTION

## About the booklet

**Guess What! Home Booklet** has interesting and fun activities, including cross-curricular topics (CLIL), designed to encourage children's curiosity about the world while they learn to communicate in English. It also provides opportunities for children to develop their social skills by exploring values and emotions, as well as the basic competences necessary in Primary Education, following the National Curriculum for the teaching of English in Spanish primary schools.

## The characters

In Levels 3 and 4, Mike and Suzy will learn English with the children throughout the units and will invite them to reflect on their own emotions in their diaries.

## LETTER TO THE FAMILY

Dear Family,

Welcome to **Guess What! Home Booklet**, the games booklet for you and your child to study English in a fun way at home, and to show you what your child has learned in class. The booklet is organized into nine different topics.

We invite you to take part in your child's experience of learning English. You don't need to have a good level of English to do this. It is your support and enthusiasm that will keep your child motivated.

You can find this letter translated into different languages and the answer key to the **Guess What! Home Booklet** here: [www.cambridge.es/guesswhat](http://www.cambridge.es/guesswhat)

We hope you and your child have fun in English with **Guess What! Home Booklet**

## Common European Framework and Cambridge English

**Guess What! Home Booklet** has been written to coincide with the Common Reference Levels of the Common European Framework (CEF), and with the three levels of Cambridge English: Young Learners.

GUESS WHAT! LEVELS	COMMON REFERENCE LEVELS OF THE COMMON EUROPEAN FRAMEWORK (CEF)	CAMBRIDGE ENGLISH: YOUNG LEARNERS
1, 2, and 3	Towards Level A1	Cambridge English: Starters
4, 5, and part of 6	Level A1	Cambridge English: Movers
6	Towards Level A2	Cambridge English: Flyers

For further information, please see:  
[www.cambridgeenglish.org](http://www.cambridgeenglish.org)

Your child's English teacher

A different **study skill** is presented in every unit and highlighted for your child to know what templates he/she could use to learn.

This activity practices **vocabulary and grammar** through a different study strategy in every unit.

This will help your child to **learn to learn**. You can ask your child to think of other subjects where this study skill template could be useful.
