# INTRODUCTION

## About the booklet

**Guess What! Home Booklet** has interesting and fun activities, including cross-curricular topics (CLIL), designed to encourage children's curiosity about the world while they learn to communicate in English. It also provides opportunities for children to develop their social skills by exploring values and emotions, as well as the basic competences necessary in Primary Education, following the National Curriculum for the teaching of English in Spanish primary schools.

## The characters

In Levels 5 and 6, Jane and Harry will learn English with the children throughout the units while they develop life skills and will invite them to reflect on their own emotions in a Class Chat.

## Common European Framework and Cambridge English

**Guess What! Home Booklet** has been written to coincide with the Common Reference Levels of the Common European Framework (CEF), and with the three levels of Cambridge English: Young Learners.

GUESS WHAT! LEVELS	COMMON REFERENCE LEVELS OF THE COMMON EUROPEAN FRAMEWORK (CEF)	CAMBRIDGE ENGLISH: YOUNG LEARNERS
1, 2, and 3	Towards Level A1	Cambridge English: Starters
4, 5, and part of 6	Level A1	Cambridge English: Movers

# LETTER TO THE FAMILY

Dear Family,

Welcome to **Guess What! Home Booklet**, the games booklet for you and your child to study English in a fun way at home, and to show you what your child has learned in class. The booklet is organized into nine different topics.

We invite you to take part in your child's experience of learning English. You don't need to have a good level of English to do this. It is your support and enthusiasm that will keep your child motivated.

You can find this letter translated into different languages and the answer key to the **Guess What! Home Booklet** here: [www.cambridge.es/guesswhat](http://www.cambridge.es/guesswhat)

We hope you and your child have fun in English with **Guess What! Home Booklet!**

Your child's English teacher

# VISUAL MAP

A different **study skill** and **life skill** is presented in every unit and highlighted for your child to know what templates he/she could use to learn.

This activity practices **vocabulary and grammar** through a different study strategy in every unit. This will help your child to **learn to learn**. You can ask your child to think of other subjects where this study skill template could be useful.

**SPACE**

**SPACE MISSION** Jane is going to take part in the *Space Mission* play at school. Look and complete the circle map.

**Study skills:** a circle map  
**Life skills:** responsibility

**RESPONSIBILITY** **Life skills** Read the comic and write true (T) or false (F).

Harry wanted Jane to go to the movies with him in the evening.  
 Harry knows his lines for scene 5.  
 Harry and Jane are in the space laboratory scene together.

Do you think Harry is being responsible? What about Jane?

**FUN AT HOME**

- Tell your family three things you think the astronaut in the play is going to see.
- Do a circle map about what you are going to be when you are older.

27

This activity develops **life skills** through situations featuring our main characters in a **comic strip**. These will be relevant and familiar to your child and will help him/her identify with the characters.

At the bottom of each page, you will find the **Fun at home** section. It suggests simple ideas for you and your child to communicate in English.

The second page includes a **reading text** and a **comprehension activity** focusing on different text types that your child is supposed to be able to read throughout his/her Primary Education, and are linked to cross-curricular (CLIL) topics.

A different **reading strategy** is highlighted for your child to be aware of what he/she is learning.

The third page includes a **guided writing activity** for a different type of text that follows the model of the reading text.

The **text type** is highlighted.

**Get Ready!** boxes give **guided preparation steps** for your child to follow before writing.

**SPACE**

**MEET MY PLANET** Read and choose the correct words in the play script.

**Date:** April 3, 2018  
**Play:** Space Mission  
**Scene:** Meet my planet  
**Setting:** Mars emergency landing  
**Actors:**  
• Jane as Astronaut Professor Jones  
• John as Martian Zonk  
• Harry as Professor Smith at Space station (voice only)

**Scene 1**

**PART 1**  
Astronaut: [very nervous voice] I am going to land! This is an emergency! [Sound effects – crashing noise]  
Space Station: [loud voice] We can't hear you!

**PART 2**  
Martian: [metallic, friendly voice] Hello!  
Astronaut: [confused voice] Is that you, Professor Smith?  
Martian: [smiling] My name is Zonk. Who are you?  
Astronaut: I am Professor Jones. I am on a research trip to Mars but my @spacecraft / space station crashed.  
Martian: Oh, welcome to Mars!  
Astronaut: [really surprised] Are we in Mars / Pluto?  
Martian: [very happy and proud] Yes, this is Mars, the fourth planet / satellite from the Sun and the second smallest / biggest in the solar system / moon!  
Astronaut: [energetic and confident] I know... – and Jupiter is the biggest one!  
Martian: Very good! And what planet are you from?  
Astronaut: I'm from the Earth / Saturn.  
Martian: Oh, but you only have one moon / sun there!  
Astronaut: That's right!  
Martian: I would like to visit Jupiter, it has 63 moons / orbits!!  
[They stand up and continue chatting...]

**CLASS CHAT** **Enthusiasm** Read and write a comment about feeling enthusiasm.

Guys, you were great at the rehearsal! 👍  
Thank you, Harry! 😊 What was your favorite part?  
I really liked when the spacecraft crashed. 🚀  
It was very realistic. And I loved your energy when talking to the martian! 🤖 You talked like a real professor!

**FUN AT HOME**

**ARE YOU A FUN KID?**  
Read and mark.

**Now I know...**

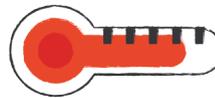

- how to organize information in a circle map.
- how to be responsible.
- how to write a play script.

This activity works on **emotional competence**. Your child will be able to recognize different emotions with the help of Jane and Harry, who write their comments in a class chat where your child participates with a personal comment. Encourage your child to talk about each emotion after writing a comment and discuss positive ways to handle it.

This is a **self-evaluation activity**. Your child reads the **Now I know...** statements and marks the box if that statement is true for him/her. Ensure your child values his/her own progress.

**Writing tips** help your child with suggestions to write each type of text.

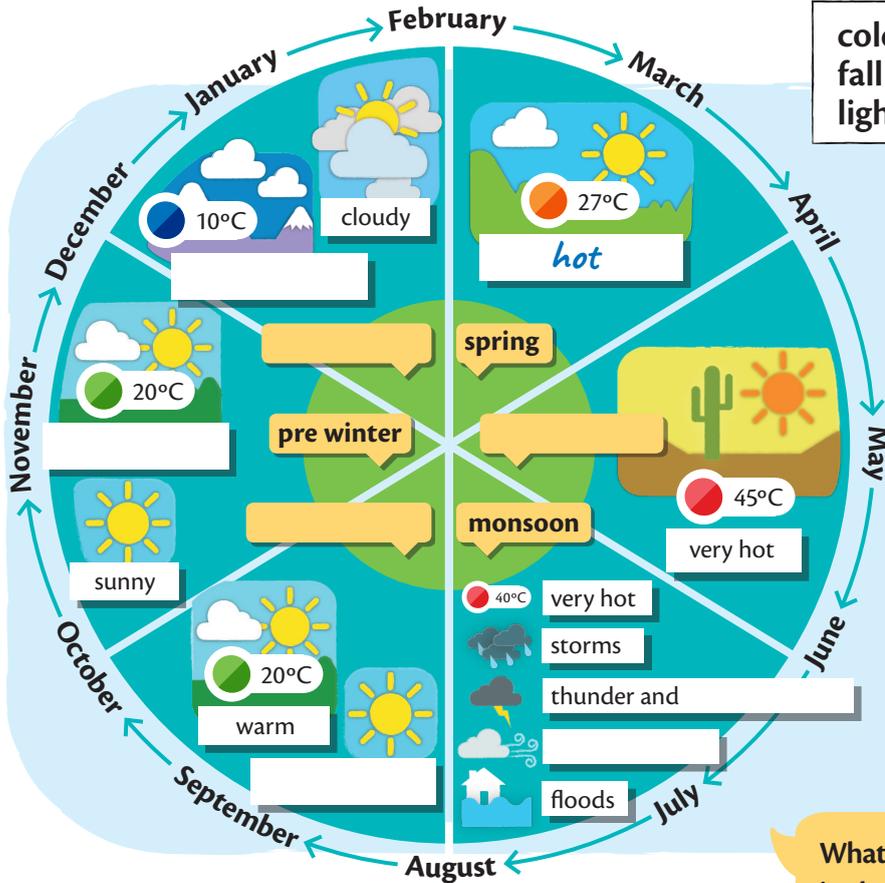

# SEASONS AND WEATHER

**Study skills:**  
a cycle circle  
**Life skills:** planning

## VACATION IN INDIA

Jane went to India over summer vacation. Look and complete the weather information for each season in the cycle circle.

cold	<del>hot</del>	winter
fall	windy	sunny
lightning	warm	summer

What was the weather like in the monsoon season?

## PLANNING

Read the comic strip and write true (T) or false (F).

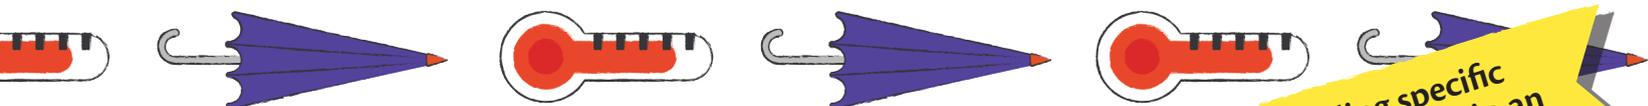

- Jane showed Harry photos of the drought in India.
- When Jane and her family arrived, they had to drive through the floods.
- The monsoon started in June.
- They traveled to India in the Indian summer.

## FUN AT HOME

- Play a guessing game about the weather in India. One person describes the weather and the other person says the season.
- Choose where you would like to go on vacation with your family and find out about the weather in that place.

## PERSEVERANCE Life skills

Read and put the comic strip in the right order.

How is perseverance shown in this comic strip?

We can practice every afternoon at school if you want.

That's a good idea! Thanks, Harry.

Let's try again. Come on Jane, you can do it better.

I am not sure – I am good at playing the violin but I am not the best.

Yes, you are! You are the best violin player in the class!

The concert is on Saturday and we want to win the "Young orchestra" competition this year.

I know, Harry, but I think it is very difficult.

## FUN AT HOME

Understanding specific details in a sports review

We were at the IV School Olympics in our city. There are four categories: Running, Skating, Acrobatics, and Street Dancing.

### Running

Jane Wilson came first in the running competition. Her \_\_\_\_\_ was spectacular! Last year's winner Lisa Smith won the second prize. She wasn't very happy about it.

### Skating

Another surprise was the amazing \_\_\_\_\_ of the new student, John Smith, in the skating category. He stood on one leg for most of the performance!

### Acrobatics

All participants showed their \_\_\_\_\_ in the acrobatics category. The seven children human tower from Grade 6 got first prize.

### Street Dancing

And what about the great \_\_\_\_\_ of the street dancers? They had the longest performance of the show and there wasn't a single mistake. They were superb!

Congratulations to all winners and keep up the good work!

## CLASS CHAT

## Why we need water

All \_\_\_\_\_ need water to live. We can go for weeks without food, but only three days without water!

### WATER HELPS OUR BRAIN

Our \_\_\_\_\_ needs water to think. More than 70% of our brain is water.

Remember, it is very important to drink 6–8 glasses of water every day to be healthy.

### WATER HELPS OUR BLOOD

Our \_\_\_\_\_ needs water to move around the body. When we run or do sports, we need a lot of water.

### WATER HELPS OUR BODY WITH PERSPIRATION

When it is very hot, we have to drink more water because we lose it through our \_\_\_\_\_;

this body water is called \_\_\_\_\_. If we don't drink water, we can feel tired and have headaches.

## CLASS CHAT

### Irritation

Read and write a comment to help Harry feel less irritated.

### Introduction

Glass is a very unique material. You can recycle it again and again and again...  
 BUT you should also reduce the use of glass using fewer bottles, and reuse it as many times as possible.

→ What do you know about recycling glass bottles and jars?

- 1 After using our asgls glass bottles and jars, we should put them in glass recycling njsb \_\_\_\_\_.
- 2 Big trucks come and take them to a clryinecg \_\_\_\_\_ center. There, they sort them by color.
- 3 A big nehiamc \_\_\_\_\_ breaks the glass into small pieces, and another one mixes these pieces with dsna \_\_\_\_\_.
- 4 These pieces go into a furnace, a very hot oven. The mix of sand and glass stelm \_\_\_\_\_ and becomes liquid. Then they make new bottles.

Remember: Recycling glass uses less energy and it is better for the eneivnortn \_\_\_\_\_.

## CLASS CHAT

**Surprise**

Read, mark, and write the comment you think is most surprising.

4G 1:30

Hey! I went to the Green Recycling Center and saw all stages of the recycling process!!! 😊

Did you see everything they say in their blog?

And more! They give you lots of surprising facts. 😎

- Recycling one glass bottle saves enough energy to power a television for 20 minutes.
- Glass is 100% recyclable and can be recycled again and again without losing quality.
- Recycling all the glass in a year in a house saves enough energy to power a computer for five days.

## FUN AT HOME

- Find a recycling blog with your family and find out how other materials are recycled: paper, cardboard, or metal.

## Scene 1

### PART 1

Astronaut: *[very nervous voice]* I am going to land! This is an emergency! *[Sound effects – crashing noise]*  
Space Station: *[loud voice]* We can't hear you!

### PART 2

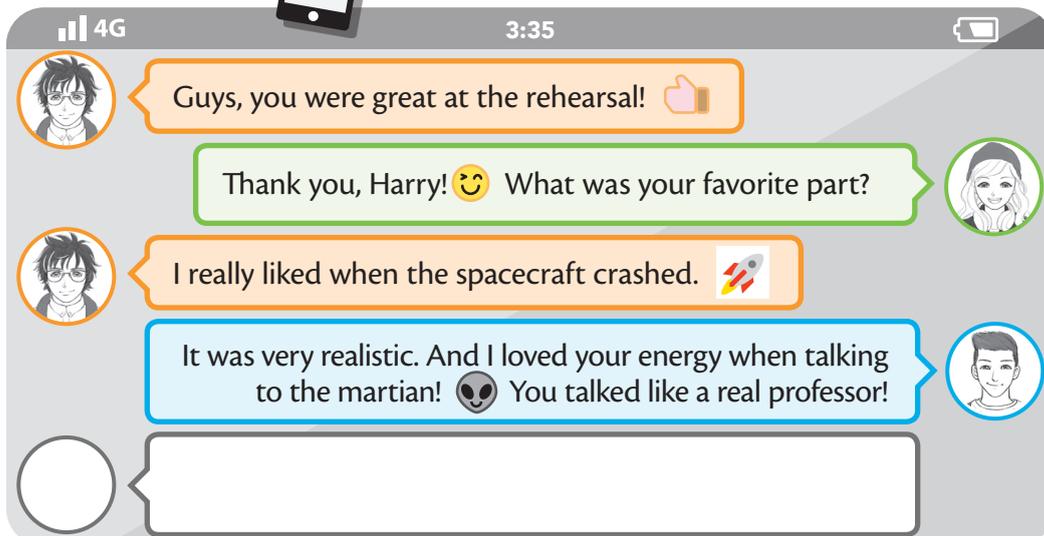

Martian: *[metallic, friendly voice]* Hello!  
Astronaut: *[confused voice]* Is that you, Professor Smith?  
Martian: *[smiling]* My name is Zonk. Who are you?  
Astronaut: I am Professor Jones. I am on a research trip to Mars but my spacecraft / space station crashed.  
Martian: Oh, welcome to Mars!  
Astronaut: *[really surprised]* Are we on Mars / Pluto?  
Martian: *[very happy and proud]* Yes, this is Mars, the fourth planet / satellite from the Sun and the second smallest / biggest in the solar system / moon!  
Astronaut: *[energetic and confident]* I know... – and Jupiter is the biggest one!  
Martian: Very good! And what planet are you from?  
Astronaut: I'm from the Earth / Saturn.  
Martian: Oh, but you only have one moon / sun there!  
Astronaut: That's right!  
Martian: I would like to visit Jupiter, it has 63 moons / orbits!!  
*[They stand up and continue chatting...]*

## COPING WITH STRESS

**Life skills**

Read the comic strip and complete the sentences.

And this was the dragon float. It was the best!

These are our friends who helped us with the decorations.

We worked on it for months! Matthew was responsible for music and Lucy for costumes.

We met every Friday to practice the songs and try the costumes on the float.

And look, this is the school playground. You can see here how we received our best float medal.

We were very stressed, and it was a lot of work, but it was worth it!

They saw the picture of the boy \_\_\_\_\_ chose the music for the show.

The dragon float was the float \_\_\_\_\_ won the medal.

- Write sentences with other celebration words and make a crossword for your family to find the words.

## HAVE A HEALTHY AND SAFE PARTY

Read and complete the health and safety instructions.

Understanding specific information to follow safety instructions

### WELCOME TO THE SUMMER FAIR!

It is the end of the school year and we are going to have our summer party at school. We want everyone to enjoy it, but please, read the following health and safety instructions before your celebrations:

#### PARADE

Be careful when you come down from the float. Don't run. Be patient!

#### FOOD

There is a lot of food at the fair. Please remember to try our international selection – you may be surprised you like new food!

#### FIREWORKS

In the evening, there is the fireworks show. Remember that fireworks have gunpowder inside them and also a fuse which make them very dangerous.

This year, we have many different metal salts in the fireworks, so when the gunpowder explodes, the show will be very colorful!

Thank you for coming and have a great summer!

The school superintendent

### CLASS CHAT

#### Gratitude

Read and write a comment about what you are grateful for.

We are on vacation! 🎆 I am happy to be on vacation, but I am sad to say goodbye. 😞
