**2 Read and complete with words from activity 1.**

Lorna is an <sup>1</sup> astronaut . She usually lives in Italy but sometimes she has to live in <sup>2</sup> \_\_\_\_\_ for two or three months. When she goes there, she has to wear a helmet and a <sup>3</sup> \_\_\_\_\_. She always goes with two or three other astronauts. They can see stars from the window of their <sup>4</sup> \_\_\_\_\_ when they go up. Lorna loves seeing the <sup>5</sup> \_\_\_\_\_ getting nearer and nearer. It's white and grey and very beautiful. There are thousands of <sup>6</sup> \_\_\_\_\_ to see too.

Lorna works at a <sup>7</sup> \_\_\_\_\_. It's an amazing place. They want to find out more information about <sup>8</sup> \_\_\_\_\_ and the other <sup>9</sup> \_\_\_\_\_. The astronauts really enjoy their job but sometimes they think about home and feel a bit sad. The <sup>10</sup> \_\_\_\_\_ looks very small from space.

**3 Imagine you're in space and answer the questions.**

1 What can you see?

I can see

2 How do you feel?

\_\_\_\_\_

3 What do you want to do?

\_\_\_\_\_

4 What do you have to do?

\_\_\_\_\_
